

Understanding Our Current Reality

- As part of the Partners in the Gospel strategic pastoral planning process, we have launched the Current Reality Report.
- This report provides a snapshot of the archdiocese today and outlines data and trends - as well as forecasts demographic changes over the next decade. It also outlines the urgent need for change and why we must reinvision parish life.
- The Current Reality report is available online at the Archdiocese of Seattle website - and we have a link to it on our own website as well.
- I highly recommend that everyone take time to read this report or watch the online video presentation. This will help ground all of us in the reality we share before we begin the process of reviewing potential parish family configurations this fall.
